

Pressrelease Kriterieauktionen 2022

15-18 september

Ras på Kriterieauktionen

Försäljningssiffrorna vid Kriterieauktionen stördök. Många osålda och återropade hästar och ett väsentligt fall i såväl genomsnittligt försäljningspris som medianpris.

Under fyra auktionsdagar såldes 206 av de 301 utbudna hästarna. Försäljningsprocenten blev därmed 68 procent (2021:81 procent, 2020: 76 procent).

Snittpriset totalt (varmblod) blev 102 770 kronor och om man räknar med de två kallbloden som såldes blev snittpriset 102 791 kronor. (2021: 115 977 kronor, 2020: 109 934 kronor). Medianen för varmbloden landade på 60 000 kronor vilket är 15 000 kronor lägre än i fjol (2021: 75 000 kronor, 2020: 90 000 kronor). För kallbloden blev snittpriset 105 000 kr.

Två veckor före Kriterieauktionen levererar Svensk Travsport svaret att det absolut inte kan bli tal om några stimulanser på BAS-organisationernas begäran om mer pengar till sporten. BAS-organisationerna har tillsammans enträget påtalat att situationen är alarmerande. Nu kom svaret. Visst kan man diskutera upplägget av auktionen, och det görs hela tiden, men i stort sett samma upplägg ifjol gav ”All time high-siffror”. Det kostar omkring 100 000 kronor att föda upp en travhäst, bortsett från levandefölgavgiften som vi kan uppskatta till genomsnitt 50 000 kronor. Av de 301 utbudna hästarna var det 249 hästar som inte fick bud på 150 000 kr eller mer. Det kommer inte uppfödarna anse sig ha råd med i framtiden säger Sara Lennartsson, generalsekreterare ASVT.
